At Terra Ultra, we strive to recognize those that have provided us with any copyrighted material.

Copyrighted Material Attributions:

Images: Nasa.gov, or AI generated

Translate: Google Translate API

News: Mediastack News API

Terra AI (if visible): based on OpenAI Davinci, altered through API

Note: There is supposed to be an AI chatbot, Terra AI, present on the front page. However due to API key and server restrictions we were unable to show this on our github link. It may be presented at the interview.
